FRIDAY, OCTOBER 2, 2020

8:00 am DHX Virtual 2020 Experience Begins

Customize your attendee profile and begin exploring and networking

Virtual EXPO – Open for 72 hours!

Explore and learn about digital health products and services and consider how you may integrate these solutions in your practice

Networking:

Discover, engage, and connect with digital health experts and enthusiasts – via chat, video call, group discussions and experience automated one-on-one meetings

Coffee Break with an Expert - Scheduled sessions to be announced

Meet with DHX speakers for Q&A/mentoring

10:00 am Virtual EXPO – Live Presentations

Explore the exhibits, hear live presentations, and engage in Q&A with representatives from innovative companies

12:30 pm Pharmacists Paving New Paths – Breakout Sessions

Participate in discussions with pharmacist trailblazers engaged in new roles from designing digital health products to applying data science, precision medicine, and more

Your Choice – 2 breakout discussion topics are offered in each 30-minute block during this 2-hour interactive session

12:30 pm - 1:00 pm

Domain Experts/Product Designers — Yoona Kim, PharmD, PhD Co-Founder & CEO, Arine

Komal Patel, PharmD Pharmacist, Catalia Health

Social Influencers — Timothy Aungst, PharmD

Associate Professor, Massachusetts College of Pharmacy and

Health Sciences

The Digital Apothecary.com

Luke Tso, PharmD, BCPS Senior Manager, New Product Development, OptumRx

1:00 pm - 1:30 pm

Performance Center Field Consultant, Omnicell

Dalton Fabian, PharmD, RPh

Data Science Analyst, UnityPoint Health

Executive Host, Disruptive Front

Assistant Professor and Director of Student Transitions, Nova

Southeastern University College of Pharmacy

Smit Patel, PharmD Candidate

RA - Digital Therapeutics, Xcenda/Amerisource Bergen

1:30 pm - 2:00 pm

Pharmacy Informatics & Technology ———— Tony Dao, PharmD, CPHIMS, CSSBB, LSSBB, PMC HI

Pharmacy IS/Informatics Specialist, CHOC Children's

David Vu, PharmD, CPHIMS, PMP Quality Assurance Engineer, Kit Check
